

# REDSS 2014 User Fees Fact Sheet

---

**Core Charges** – All REDSS Users pay at least one of the following six rates below, plus any additional charges subscribed to:

- **Direct User: (\$350.00/mo. - \$4200.00/yr.):** This is an agency that has a computer communicating directly with REDSS AND using the REDSS infrastructure to communicate with LEADS. Ohio LEADS defines this as a “Terminal Agency”, a criminal justice agency qualifying for an originating agency identifier which has a terminal accessing LEADS. These users are typically police departments.
- **Additional Direct User: (\$250.00/mo. - \$3000.00/yr.):** This is the same as a Direct User, an agency that has a computer communicating directly with the REDSS. However, this agency is given reduced pricing because another agency within their same political sub-division is a current Direct User. (Example: City of Cleveland Division of Police is the Direct User; City of Cleveland Division of Corrections (HOC) is the additional direct user).
- **In-Direct User: (\$100.00/mo. - \$1200.00/yr.):** This is an agency that does not have a computer communicating directly to REDSS but rather relies on a Direct User for their connectivity. Ohio LEADS defines this as a Non-Terminal Agency, “a criminal justice agency qualifying for an originating agency identifier but not having a land-based terminal. These users are typically courts, prosecutors, law departments, etc.
- **Direct User **without LEADS Access**: (\$300.00/mo. - \$3600.00/yr.):** This is an agency that has a computer communicating directly with REDSS and access to all REDSS Services, BUT has NO access to LEADS.
- **In-Direct User **without LEADS Access**: (\$50.00/mo. - \$600.00/yr.):** This is an agency that does not have a computer communicating directly to REDSS but rather relies on a Direct User without LEADS Access for their connectivity.
- **Major City Rate: (\$10,000.00/yr.):** This is for agencies with over 150 sworn police personnel. This has historically been the City of Cleveland, Division of Police.

**Additional Charges** – These charges are assessed only to those agencies that subscribe to these additional services:

**LEADS Assessment:** This is a pass through charge assessed from Ohio LEADS for access to LEADS Data. These funds are collected by REDSS and paid to LEADS on behalf of the member agencies at no additional charge to the user. These costs are based on the type of User you are.

---

- Direct User/Additional Direct User/ Major City User: (\$250.00/mo. - \$3000.00/yr.)
- In-Direct User with Mobile Access: (\$100.00/mo. - \$1,200.00/yr.)
- In-Direct User: (\$50.00/mo. - \$600.00/yr.)

**Advanced Authentication (\$20.00/per user/yr.:** Advanced Authentication provides for additional security to the typical user identification and authentication of login ID and password. This provides a way for users/agencies to meet the requirements set forth in CJIS rule 5.6.2.2. This is charged on an annual fee per user (Ex.: 40 users x \$20.00 = \$800.00/yr.), and is billed during the first quarter invoice. **At this time, there are no maintenance charges being assessed to users of Advanced Authentication in 2014. It is expected that one will be in effect for 2015.**

**Network Connectivity:** This is a pass through charge for One Community, our current Wide Area Network (WAN) provider for connectivity between REDSS and User Agency. This is also referred to as the “network” charge. Rates charged are based on connectivity speed provided to your agency, as listed in the chart.

Network Connectivity Fees		
Speed	Monthly	Annual Fee
5 Mb	\$ 650	\$ 7,800
10 Mb	\$ 725	\$ 8,700
20 Mb	\$ 825	\$ 9,900
1 Gb	\$ 2,495	\$ 29,940

**Automated License Plate Readers (ALPR):** Currently maintenance cost \$1,209 per ALPR system (cameras and processor) and is covered by Cuyahoga County through a combination of grants and general fund. If agencies are receiving invoices directly from the vendor, please notify REDSS. There is no fee for those agencies that use the ALPR software application only (Elsag Operations Center). **At this time, there are no maintenance charges being assessed to users of ALPR in 2014. It is expected that one will be in effect for 2015.**

**Automated Fingerprint Identification System (AFIS):** The Cleveland Division of Police and the Cuyahoga County Sheriff’s Department jointly purchased and have implemented an automated system for retaining and identifying fingerprints and palm prints, said system being known as the Cuyahoga County Regional Automated Fingerprint Identification System (CCRAFIS).

The CCRAFIS provides fingerprint identification capabilities including ten-print fingerprint identification, latent fingerprint identification, and Rapid-ID fingerprint authentication, and both fixed-base and Mobile Rapid-ID identification. **At this time, there are no maintenance charges being assessed to users of the CCRAFIS in 2014. It is expected that one will be in effect for 2015.**

## Miscellaneous

Contracts are typically for a period of one (1) year and are renewable annually. Billing is sent out electronically on a quarterly basis, with payments being due 30 days from billing date. Users may
