

***** FY20 SHSP Notice - To Cuyahoga County Agencies *****

***** PLEASE SHARE WITH ALL PARTNERS IN YOUR REGIONAL ANTI-TERRORISM EFFORTS *****

Good afternoon.

Late yesterday, OH EMA notified Public Safety & Justice Services (PSJS) that our Region's FY2020 State Homeland Security Program (SHSP) projects are due at the end of February. The projects will shape Ohio's FY2020 HSGP Investment Justification Application to FEMA. In order to meet Ohio EMA's deadline, approved project applications (i.e., Investment Justification Project Template) must be submitted by CCESAB committee chairs via email to PSJS by noon Friday, February 7, 2020.

Cuyahoga County agencies seeking to submit a project application, must have their project reviewed and approved by the appropriate committee of the Cuyahoga County Emergency Services Advisory Board (CCESAB) at a called meeting* of the committee prior to the application due date. Cuyahoga projects will only be accepted by PSJS from committee chairs.

The attached documents include the following:

- FY2020 SHSP Investment Justification Guidance (PDF)
- FY2020 SHSP Investment Justification Application Instructions (PDF)
- FY2020 SHSP Investment Justification Project Template (Excel)
- List of CCESAB Committees and Committee Chair Contact Info

These documents will also be available on the PSJS website (<http://ja.cuyahogacounty.us>) after 1/15/20.

CCESAB will meet to prioritize Cuyahoga County projects at 2:00 P.M. on February 13, 2020 at the Northeast Ohio Sewer District.

PSJS will be following up later this week with the date and location for the Region 2 Emergency Managers meeting at which projects will be reviewed and further prioritized by the region's emergency managers.

Note: This year, SHSP & SHSP-LE have the same process and deadlines.

Please feel free to reach out to me or Lezlie White (lwhite@cuyahogacounty.us) with questions.

- Larry Tafe

*A reminder to CCESAB committee chairs, please notify Nichole Duff (nduff@cuyahogacounty.us) when and where your committee is meeting so that it can be posted on the County website.
